

**ALARM & SIREN**

Audible/visual alarm activated when the eyebath is being operated. A micro switch is required with this option. Available Non Hazardous, ATEX, & GOST.

**FLEXIBLE EYEWASH**

Hand held eye, face and body spray on a flexible hose.

**REMOTE ALARM**

Micro switch fitted on operating valve (shower/eyebath) to activate remote alarms (or local if fitted).

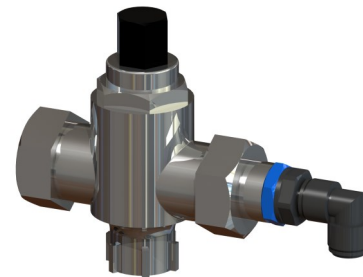

**EYEBATH FOOT TREADLE**

Stainless Steel foot provides a hands free method of activating the eyebath.

**PEDESTAL**

Stainless or galvanised pedestals available.

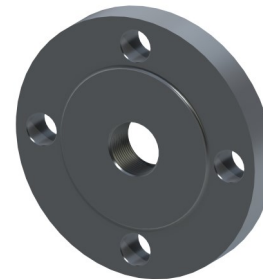

**SCALD VALVE**

Chrome plated or stainless valve dumps water over 38°C from entering the shower.

**PRESSURE REDUCING VALVE**

Brass or Stainless Steel pressure reducing valve to regulate the water supply pressure at 2 - 3 bar (recommended pressure).

**FLANGED INLET**

Various sizes available to suit site requirements and standards.
